

ASOI 2017 Annual Conference & AGM

Preventing and Treating Childhood Obesity

May 4th-5th 2017

Health Sciences Centre, University College Dublin

RCPI CPD accreditation pending

ASOI are delighted to announce our **2017 Annual Conference**. This year our focus is on **Childhood Obesity** and, in collaboration with **Health Behaviour Change Research Group at NUI Galway**, and **University College Cork**, we have an expanded program over **two days** with over **15 keynote speakers** from **7 different countries**.

Day 1 of ASOI 2017 will focus on **prevention** of childhood obesity, and integral to the day we are holding roundtable discussion workshops as part of a study to identify and prioritise knowledge gaps concerning obesity prevention and knowledge translation. We hope all attending will consent to involvement in these workshops, allowing us to harness the collective expertise of a diverse range of participants to set out directions for future research and knowledge translation.

Also as part of **Day 1**, ASOI 2017 will be hosting the launch of the fourth **Childhood Obesity Surveillance Initiative (COSI)** report for the Republic of Ireland.

Day 2 of ASOI 2017 will focus on the **treatment** of paediatric obesity, and we will also have breakout workshops during the day allowing attendees to further tease the topics raised with reference to their area of interest/practice.

This conference will be relevant to students, healthcare professionals, educators and researchers involved in the fields of primary care, paediatrics, public health, health policy and implementation science, amongst others. There will be the opportunity to present posters across both days of the conference, with a prize presented on each day to the best poster relevant to the topic of that day!

Please see www.asoi.info for further details. We hope to see you in UCD on May 4th and 5th!

Day 1 of this two-day event is kindly supported by the Irish Research Council New Foundations Scheme through funding awarded to Dr Karen Matvienko-Sikar (UCC) for COS-IF: Core Outcome Set for Infant Feeding, and Ms Marita Hennessy (NUI Galway) for POCKETS: Prevention of Childhood Obesity-Knowledge Exchange and Translation

ASOI 2017 Annual Conference & AGM

Preventing and Treating Childhood Obesity

May 4th-5th 2017

Health Sciences Centre, University College Dublin

Day 1 - Thursday May 4th

Prevention of Childhood Obesity: POCKETS

09.00-09.30	Registration	
09.30	Welcome and opening	
09.35	Setting the scene: Healthy Weight for Children	S O'Brien and Dr P Jennings
9.55-10.55	Session 1	
	Roundtable workshops 1	
10.55	Movement break	
11.10-12.30	Session 2	
11.10	Weight management interventions in pregnancy: a way to prevent childhood obesity?	Dr E Olander
11.30	Proactive assessment of overweight/obesity risk during infancy	Prof S Redsell
11.50	Right from the Start: policy, practice, parents and practitioners	Prof M Rudolf
12.10	Motor development and active play	Dr G O'Malley
12.30	Panel discussion	
12.50-13.50	Lunch and poster viewing	
13.50-14.15	COSI Report launch	
14.15-15.15	Session 3	
	Roundtable workshops 2 + Discussion	
15.15	Movement break
